

Smarter Charting Program for Nurse Practitioners & APP's

Nurse Practitioners and Advanced Practice Providers identify that charting and paperwork are a significant factor in their mental load.

Smarter Charting Program is a 12 month access program to help providers improve clinical day efficiency:

- ✓ **Improve** workplace efficiency and productivity.
- ✓ **Get today's work done today.**
- ✓ **Reduce** mental load.
- ✓ **Increase** job satisfaction.

Cost: \$1200 USD for 12 months access

CME included: 70+ AMA PRA CME Category 1 Credits using CMEfy (one credit per hour in the program) with CMEfy

WHAT'S INSIDE THE PROGRAM

ON-DEMAND VIDEO MODULES

Charting: Learn effective strategies to complete your charting after every consultation.

Clinical Encounters: Learn to examine the clinical encounter, identify inefficiencies and develop strategies to optimize time management within clinical encounters,

Inboxes and Forms: Time management and productivity strategies to complete today's work today.

Interruptions: Develop strategies to manage interruptions and distractions within your clinical environment,

Backlog: Learn practical strategies to make progress and develop confidence in completing your backlog.
